Dental Savings Membership

Lower Costs, Trusted Dental Care

Gordon Dental Care recognizes that many patients who enjoyed a company sponsored dental insurance plan have lost or had significant reductions to their dental coverage. We also understand that our uninsured patients are concerned about the cost of routine care in challenging economic times.

The Gordon Dental Care Savings Membership is designed to help all patients with periodic and preventative treatment and services at a significant savings.

Membership includes two (2) cleaning and exam visits per year with bitewing x-rays and fluoride. Membership also earns the patient a 20% discount off our regular priced dental treatment. All this and no limitations, headaches, waiting periods or the typical restrictions of traditional dental insurance. Implants, which are often rejected by insurance, are covered.

Lower cost and the care you need. Sign up today!

23300 Chagrin Blvd.,
Suite G10
Beachwood, OH 44122
